BUSINESS LAW GROUP MEMBERS CELEBRATE SURREY'S THRIVING BUSINESSES

Members of our Business Law Group, Varun Dhaul and Tamara Huculak, participated in the Surrey Board of Trade's Industry Bus Tour. Showcasing and educating attendees on the city's economic assets, the tour highlighted various businesses and locations including Sanderson Concrete; a precast concrete manufacturer of various standard and custom products for the landscape and building construction industry.

Our client, Racy Sidhu, who is the President of Sanderson Concrete located in the Bridgeview industrial area of North Surrey, gave an informative and engaging presentation to participants about their business operations.
